When it comes to any project, big or small, that you wanted to complete this year, it's nice to know that there is someone who can help and do it efficiently, effectively, and affordably. For 22 years, No Job 2 Odd has been providing handyman services to the Monadnock Region. And, if it can be done, No Job 2 Odd can do it, because hard work and dedication yield results. The burden is taken off your shoulders so you can get back to your busy schedule.

“When I first started out I had a 1985 3/4 ton Dodge pick-up truck that broke down all the time. But no matter how hard it was, the job got done,” says Christopher Croteau, owner and operator of No Job 2 Odd.

Fast forward and Croteau now has a fleet of trucks and equipment to complete whatever the job may be, including a truck that is equipped especially for snow plowing, a dump truck, utility trailer and power saw (purchased at Gary's in Winchester, as

Croteau likes to “keep small businesses going”), a cargo van with a high roof, and the most recent purchase, a Kubota tractor with backhoe and loader attachment. “I also purchased 7.7 acres of land in Westmoreland for farming, livestock, and storage,” he adds.

The list of many services offered by No Job 2 Odd includes (but never limited to): water and fire damage clean-ups; spring cleaning; shipping services; yard clean-ups; demolitions and removals; clean-outs of garages, crawl spaces, storages, and sheds; house-cleaning, as well as deep cleaning; painting; carpentry; carpet cleaning; furniture assembly; large and heavy item moving; lawn care; driveways (hard pack, snow plowing, salt and sanding, and snow blowing); and they can even take care of bed bug issues using control heat treatments. So, like the business name, no job is too odd for these professionals.

No Job 2 Odd also offers local moving services – both residential and commercial – and works with real estate agents, property managers, and homeowners for property/estate clean-outs.

“And we fully back our saying, ‘Don’t stress, we’ll do it for less,’” adds Croteau.

He credits the staying power of his business to the vast services that No Job 2 Odd offers, as well as repeat business, advertising through *The Monadnock Shopper News* and radio (namely, The Peak 101.9), and most importantly, the Good Lord.

The diverse services that No Job 2 Odd offers has made them a go-to business now for over two decades. But, as far as Croteau’s success with the business, he gives accolades to his parents. “I have my Mom and Dad to thank for my success,” he says. “Every day I had morals taught to me by them – (one of them was) to treat others as you want to be treated. Respect, fairness, and karma follow with good deeds.”

No Job 2 Odd offers veterans’ discounts and is presently offering 10 percent off to customers’ first job of the year. Croteau is also very veterans minded and will donate excess surplus to area veterans in need of anything.
